

Discover Daisies

Starting your
Girl Scout Adventure

www.girlscoutsni.org • 1-844-GSNI-4-ME

On the day she was born, you promised her the world.

What will she grow up to be? A doctor, a teacher, a dancer, or a chemical engineer? Will she have the confidence to stand up for what she knows is right? Will she show kindness and help those in need? How will she make a difference in the world?

In Girl Scouts, girls make new friends, do fun things, and have adventures! Girl Scouts prepares girls with the skills they need to empower themselves for life. Girls develop confidence to improve their world. They practice everyday leadership through hands-on experiences they work on together. Girl Scouts is a safe place to try new things (and even fail sometimes!).

Girl Scouts is a wonderful way to help make all your dreams for her a reality and for you to learn, grow, and have fun with your girl!

Girl Scouts is open to every girl in kindergarten through twelfth grade.
