Brief De	scription of BMP	
Long Te	rm 0&M Procedures	•

Measurable Goals, including frequencies

The Village will continue to require the creation of homeowners associations to maintain stormwater infrastructure associated with new developments. The Village also requires the creation of a dormant Special Service Area (SSA) which will enable the Village to take over maintenance of the stormwater facilities, at the expense of the members of the association, should the association disband or fail to fulfill its maintenance requirements. The Village will also continue to enforce the SMO, participate in SMO revision processes, and adopt amendments. In addition, the Village will allow, when appropriate, grassed swales or filter strips be installed along roadsides in lieu of curbs and gutters to reduce directly connected impervious surfaces in new developments and redevelopment projects. The Village has completed an inventory of existing detention facilities, and will maintain an inventory of new development.

Milestones

- Year 1: Continue to require Homeowners Associations and Dormant SSAs to ensure ongoing maintenance of stormwater infrastructure. Continue to enforce the SMO, participate in SMO revision processes, and adopt amendments. Continue to maintain inventory of new development.
- Year 2: Continue to require Homeowners Associations and Dormant SSAs to ensure ongoing maintenance of stormwater infrastructure. Continue to enforce the SMO, participate in SMO revision processes, and adopt amendments. Continue to maintain inventory of new development.
- Year 3: Continue to require Homeowners Associations and Dormant SSAs to ensure ongoing maintenance of stormwater infrastructure. Continue to enforce the SMO, participate in SMO revision processes, and adopt amendments. Continue to maintain inventory of new development.
- Year 4: Continue to require Homeowners Associations and Dormant SSAs to ensure ongoing maintenance of stormwater infrastructure. Continue to enforce the SMO, participate in SMO revision processes, and adopt amendments. Continue to maintain inventory of new development.
- Year 5: Continue to require Homeowners Associations and Dormant SSAs to ensure ongoing maintenance of
